The run-a-thon is a fundraising event for student-selected charities that are focused on recycling and conservation as well as bringing eco-specific programs to Revere to benefit ALL students. All participants should try to get sponsors to pledge a specific amount for each checkpoint reached (approximately 1/4 of a mile). Participants will run through as many checkpoints as they can (up to 25). For example, if Sally sponsors Peter for \$1 per checkpoint and Peter completes 10 checkpoints, then Sally will donate \$10. **Please do not solicit pledges door to door.** Contributions are tax deductible and will benefit the students at Paul Revere M.S. Checks should be made payable to Revere Student Body Funds.
